FormPipe Software receives order from a Danish government agency worth SEK 1.5 million

FormPipe Software's subsidiary Traen receives a supplementary order on the Grants Management product TAS from a Danish government agency. The total order value amounts to SEK 1.5 million of which SEK 1 million consists of license revenues.

"In the public sector in Denmark, there's an increased demand for cost-effective IT solutions that creates greater accessibility, increased automation and improved efficiency. Demand for our products and solutions in the Danish public sector remains strong and as our customers learn the wide range of uses for our products, it also brings added license sales to the Company", says Christian Sundin, CEO of FormPipe Software.

FormPipe Software subsidiary Traen develops and implements among others standard systems for Grant Management. Traen has many years of experience in Grant Management in the public sector. Every year more than 20 billion Danish crowns are distributed through Traens applications.
