FormPipe Software receives order valued at SEK 5 million

FormPipe Software receives order on the ECM product FormPipe Platina from a large Swedish authority. The total order value amounts to SEK 5 million.

- Many of the major authorities and municipalities make use of FormPipe Software's products for document- and case management. We have a great deal of satisfied reference customers and the market's strongest product offering with well-developed standard functionality for public administration. As a result, FormPipe Software is the most frequently selected provider of ECM products in the public sector in Sweden, says Christian Sundin, CEO of FormPipe Software.

Of the total order value, license revenues of SEK 1.6 million are recorded in fourth quarter of 2011, while associated revenue will be allocated throughout the contract period.
